Mitelos Attends the 2023 Arab Health Exhibition in Dubai

Cerdanyola del Vallès (Barcelona) Spain -February 14, 2023.- Mitelos recently attended the 2023 Arab Health exhibition in Dubai, UAE. The event provided a platform for the company to meet with its current partners in the region and identify new business opportunities.

As one of the best customers for Mitelos, the GCC countries and Middle Eastern markets are of strategic importance to the company. The attendance at Arab Health allowed Mitelos to showcase its latest products and solutions, receive positive feedback from attendees, and make new connections.

“Our participation in Arab Health reinforces our commitment to the Middle Eastern market and reinforces our position as a leading provider of innovative solutions in the healthcare industry,” said Joaquim Colomé, CEO at Mitelos. “We look forward to continuing to work with our partners in the region and exploring new business opportunities to bring the best products and service to our customers.”

The Arab Health exhibition is one of the largest healthcare events in the world, attracting over 3,000 exhibiting companies representing 70 countries and over 51,000 attendees from across the globe. The exhibition provides a unique platform for companies to showcase their products, network with industry leaders, and gain insights into the latest market trends and advancements.
